Prior to Leaving Home...

- Wear task-specific Personal Protective Equipment (PPE) when working in the laboratory. Refer to your LATCH for PPE requirements.

- Clean and disinfect common areas and "high touch" surfaces throughout the day, as needed. Disinfect shared equipment after each use.

- Before eating and drinking, wash/sanitize hands. Remove your face-mask without touching the outside and keep it in a bag. Wash/sanitize hands after eating and don your face-mask.

- Wash hands with soap and water for 20 seconds or use hand sanitizer (min. 60% alcohol) if soap and water are unavailable. Clean your workstation, re-wash hands. Remove face-covering (store in a bag) and replace with a surgical face-mask for work in a lab.

- Continue monitoring symptoms. Remove your face-mask along with other PPE; wash hands and don a face-covering for home.

Upon Arriving @ your Research Lab...

- Self-monitor for COVID-19 symptoms. If sick, stay home.

- Maintain safe physical distancing (6 feet apart).

- Before departing for home, wash hands with soap and water for 20 seconds upon arriving home. Safely remove and launder (hand wash) your cloth face covering and store.

- Wear a face-covering at all times during your commute to campus.

- Wear a face-covering at all times during your commute to home.

Arriving @ Home

- Wash hands with soap and water for 20 seconds upon arriving home. Safely remove and launder (hand wash) your cloth face covering and store.

- Wear a face-covering at all times during your commute to campus.

- Wear a face-covering at all times during your commute to home.
