

# CAUTION

## Cryogenics in Storage

**If the Oxygen Sensor is in Alarm:**

**Call Public Safety 212-305-7979**

**During Normal Business hours also call EH&S 212-305-6780**

### **Oxygen Sensor Alarm Procedure**

#### In Room upon Activation

- Assume Oxygen Sensor Alarm activation to be valid
- Evacuate all workers in room and close the door
- Call Public Safety immediately
- Be prepared to provide information to responders

#### Activation prior to Entry

- Assume Oxygen Sensor Alarm activation to be valid
- DO NOT Enter the room
- Call Public Safety immediately
- Be prepared to provide information to responders

- ❖ Do NOT attempt to repair a faulty sensor. Report it to EH&S.
- ❖ Review Columbia University policy ([www.ehs.columbia.edu/OxygenDeficiency](http://www.ehs.columbia.edu/OxygenDeficiency)).
